

Bringing Hope to a World in Need

....Caring for Self, for Others,
and for God's Creation

"How do we remain hopeful in a world that distracts with worries and concerns both personally and communally. In this retreat, we will have time for quiet reflection and small groups to nurture ourselves and support each other. In the quiet, we will work on creating our own peaceful and hopeful spaces. We will worship together, sing, and walk in God's creation."
